

# Brilliant Bunting!

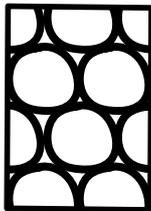

# You will need your sketchbook, coloured paper and pens

1. Use your coloured paper or some pages of white paper from your sketchbook if you prefer.
2. Now take the first piece of paper and cover it in doodles and patterns like on the other side of the postcard.
3. When you have finished, take another piece of paper and do different doodles. You can try these designs too:

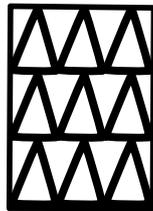

**Hearts**

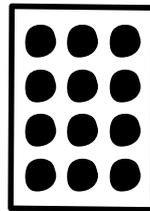

**Circles**

**Triangles**

**Dots**

## Now make your designs into bunting!

Cut a hole in the corners of your pieces of paper.

Cut a long piece of string, and thread it in and out of each hole at the top of each paper.

Hang it up, and enjoy your brilliant bunting!
