

A magical creature

Last year a magical creature visited The Piece Hall - look!

What is it?

The creature liked to dance and fly.

You can dance and fly like the creature - use your arms for wings!

Just like the creature, you can:

Spin slowly, jump very high, crouch very low, fly with your wings, kick with your hooves and make a noise like a horse.

Colour in the creature on the front with crayons.

What is its name?

Make your own magical creature with playdoh!
