

Spin & Balance with Ethardo

When Ethardo came
to The Piece Hall he
twirled and whirled!

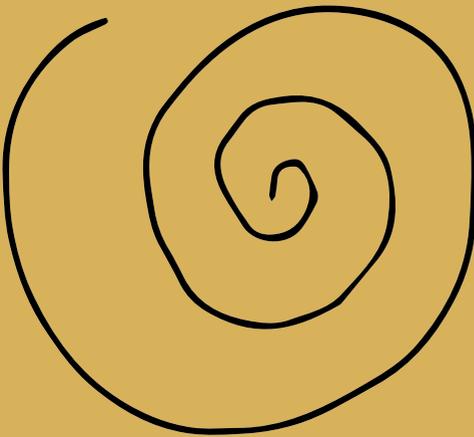

He went up and
down, and balanced
on a ball!

You can try:

Stand on one leg and
touch your nose with
your hand.

Now put your hands
on your hips!

Now do it with your
eyes closed!

Draw a spiral like this on your paper.

Put the paper on
the floor.

Walk on the lines
you've drawn!

Can you spin round?

Draw wiggly lines and walk on them too!
