

LOOK AT A LEAF!

Find a leaf you like
and look closely

You can use your magnifying glass.

What's it like?

GLOSSY AND
SMOOTH?

SOFT AND
HAIRY?

See the little veins that carry
food and water through it.

WHAT'S
THE SAME?

WHAT'S
DIFFERENT?

Now find a different leaf
from a different type of tree.

How many different
leaves can you find?

TRY THIS:

Lay your leaves in a
pattern on the ground.
Find lots of different leaves
and make a **BIG** pattern!
