

# Nature Windchime

Make a windchime from natural materials

## You'll need:

- A stick at least 30 cm long
- Wool
- Natural materials like cones, small thin sticks, small pebbles, shells - anything else that makes a noise if tapped.
- Small strips of coloured paper.

Making your windchime is really easy:

### Step 1

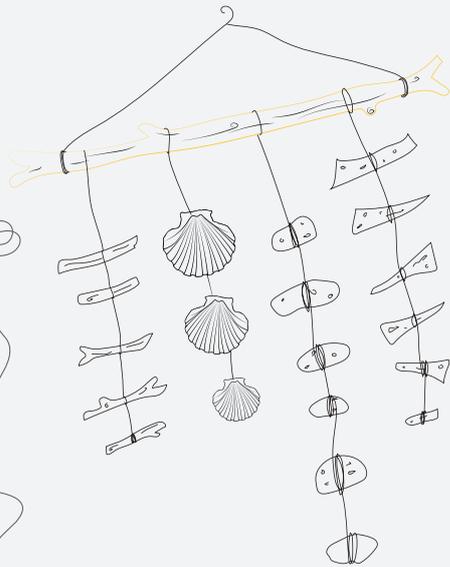

Start with one object, like a cone - using your wool, tie it onto the long stick, so that it is dangling down.

### Step 2

Now tie the other objects along the long stick, so that they all dangle and jangle against each other!

### Step 3

Finally tie a looped piece of wool in the middle of your long stick and use it to hang up your windchime.

Now wait for the wind to blow!  
How does your windchime sound?

# Clychau Gwynt natur

Creua cloch wynt o ddeunyddiau naturiol

Bydd angen:

- Ffon oleiaf 30cm o hyd
- Gwlân
- Deunyddiau naturiol fel conau, ffyn bach tenau, cerrig bach, cregyn - unrhyw beth arall sy'n gwneud sŵn wrth gael ei daro.
- Stribedi bach o bapur lliw.

Mae gwneud dy gloch wynt yn hawdd:

## Cam 1

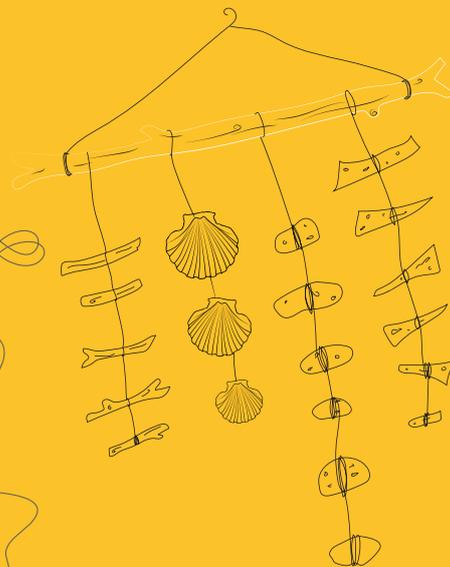

Dechreua gyda un gwrthrych, fel côn  
- gan ddefnyddio dy wllân, clyma fe i'r ffon  
hir, fel ei fod yn hongian i lawr.

## Cam 2

Nawr clyma'r gwrthrychau eraill ar  
hyd y ffon, fel eu bod i gyd yn hongian  
a thincian yn erbyn ei gilydd!

## Cam 3

I orffen clyma ddam o wllân wedi'i  
ddolennu yng nghanol dy ffon hir a  
defnyddia fe i hongian dy gloch gwynt.

Nawr arhosa i'r gwynt chwythu!  
Sut sain sydd gan dy gloch gwynt?
