

LEAF BUNTING!

Collect different shaped leaves outdoors.

Now paint your leaf shapes with your watercolours – whatever colours you like best!

Next get your paper and pencils and draw the shape of your leaves on the paper – make them bigger than they really are.

When dry, cut out the leaves.

Now you can use your pencils to add details - like leaf veins, or words, or your name. Whatever you like!

Cut a long piece of wool and stick your leaves onto it with tape.

Hang it up and admire your work!

Now try:
Make another string of bunting using flower shapes – or other natural shapes that inspire you.
